BACHELOR IN INTERNATIONAL BUSINESS (B.A.)

Your Profile

Corporations are central actors in globalization and, at the same time, they hold great responsibility for the social environment. **You are passionate about this development and want to be part of a new generation of transformational managers.** You want to be able to lead companies profitably by achieving a worldly perspective and focusing on ethical decision making based on responsibility, innovation and sustainability.

Key Information

Studying International Business will guide you to acquire broad competencies in critical management sciences and specifically in the realm of international organizational leadership. **You will be able to analyze and interpret economic processes with the help of scientific theories, principles, and methods in an international context.** You will be prepared to develop organizations, lead teams, and to perform all key management functions, and ethically take on relevant roles and responsibilities within a transnational organization.

To spotlight your interests and skills, you will be able to choose 1 out of 3 different specializations (see below).
