

## Accommodations in Karlsruhe

### How to find accommodation in Karlsruhe

Finding an accommodation in Karlsruhe is not always easy and may even be a challenge since there are quite a lot of people looking for an apartment close to the beginning of the semester. Therefore, we highly recommend that you start looking for an accommodation as soon as possible!

The student dorms often require an application a few months before the start of the semester, and usually require a minimum stay of 6 months. Most students in Karlsruhe take a room in shared apartments. As places in the center are highly sought after, rooms outside of the city are often more affordable and easier to find. Many places outside of Karlsruhe can be reached conveniently via the local transport system, usually tram and/or bus.

### Student Residences

There are several student halls of residence in Karlsruhe and often the most affordable accommodation. Thus, they are high on demand and you should apply for a place as early as possible. It is best to apply up to six months before you want to move in.
